**About Us**

*Our Mission* – To find a loving home for every pet.

*Our Vision* – That all pets have a permanent home to live their lives in comfort.

*Our Values* – We value the life of every animal entrusted to our care. We value our employees, who give so much in caring for abandoned animals. We value our volunteers and supporters, who generously contribute their time and resources to our mission. We value our role in the community, eliciting change in the way animals are perceived and treated.

*Our Methods* – We perform animal control services to keep homeless pets off the streets. We use mandatory spay/neuter and vaccination policies as a prerequisite for adoption to reduce pet overpopulation. We microchip every adoptee so that they may find their way home if lost. We promote responsible pet ownership through community outreach and education.
